updated 10. 1. 2024 | published 10. 1. 2024

## Summary

A beautiful sleepy dragon to guard your dice and all other valuable goods in this decorative box!

All other paid, personal use files available on [Cults3D!](#)

Feel free to tag me or DM me on any socials if you post photos, I would love to see them! <3

Print recommendations:

2-3 walls

10-20% infill

Pictured is 0.2mm layer height, can print the lid at a smaller layer height for more detail

Holes in the lid are designed to fit 5x2mm optional magnets. I put 2 in and it seems to hold pretty well (size up or down as desired but different size magnets would be needed if you want to use them)
