Terra de Verdant© STL files are strictly for personal use. Unauthorized resale of these digital files is illegal and subject to legal action. To sell physical prints of these designs, you must obtain a commercial license mentioned above. Respecting this copyright policy not only protects intellectual property but also supports the creators and the integrity of the 3D printing community.

## INSTRUCTIONS

I'm using e26 light-bulb but this socket holder fits e26/e27. If you want to make sure it works the light-bulb socket holder that I'm using and fits perfectly with this lamp is: <https://a.co/d/dKbt8kF>

Please use an LED lightbulb.

### BODY & ATTACHMENT:

8-15% infill, 20% for sturdy heavy.

5 top layers, 7 if 8% infill.

2-3 outer walls.

No supports.

I wouldn't scale unless you have an adapter that fits your size bulb/socket holder.

### SHADE:

Print in vase mode with desired thickness. I used 0.4mm but I recommend something a bit thicker if you plan to sell this as it'll be hard to ship something that thin carefully.
