Tags: [bag](#) [gift](#) [tpu](#) [flexiblefilament](#)

This is a small bag featuring a design characterized by the flexibility unique to flexible filament. You can also create a mesh bag by setting the top and bottom of the layers to 0 then tweak the infill settings to create a mesh to your taste.

Please be sure to use flexible filaments, such as TPU. PLA or PETG will not function.

Assembly:

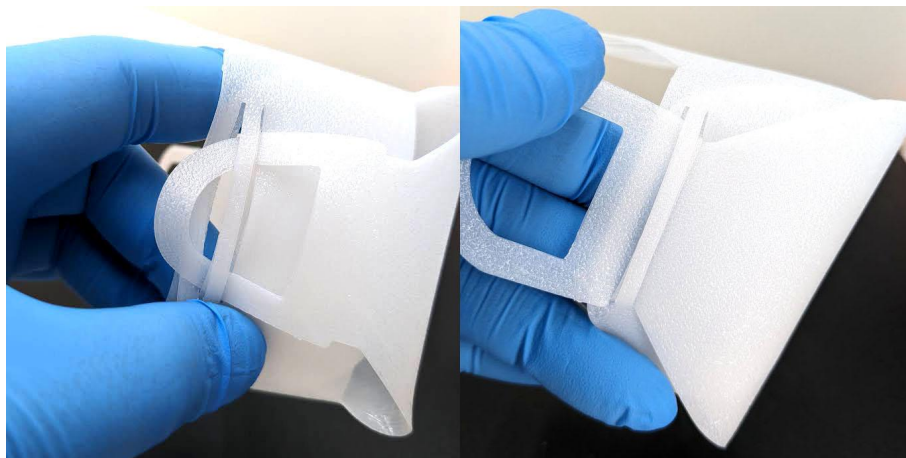

0. Print a parts.

1. Overlay A and A'

2. Thread the handle through the slit as shown in the image below.

3. Repeat the above steps for B and B'
