Description

The Ultimate Print Bed Scraper—an essential tool for every 3D printing enthusiast, now available in various innovative variants to suit your needs. Whether you prefer a magnet-mounted, dock-mounted, or hybrid design, the scraper provides the ultimate solution for effortless print bed maintenance.

Variants:

- **Magnetic:** Insert magnets and only print the scraper
- **Dock:** Insert the Magnet Placeholders and print the dock
- **Hybrid:** Print the scraper, insert magnets and print the dock

Parts needed:

- **Scraper** (Always needed)
- **Dock** (Only in Dock or Hybrid Variant)
- **Magnet** Placeholders (Only in Dock Variant)
- buy Magnets (6mm length, 8mm diameter) (only in Magnetic or Hybrid Variant)
- buy screws or use double sided tape (Only in Dock or Hybrid Variant) (M4, countersunk head, for 2020 aluminum profile a length of 8mm should work)

Assembly:

1. Print needed parts
2. Glue Magnets or Placeholders into the holes in the scraper (superglue should work)
3. Optional: screw or use double sided tape to mount the dock to the desired location

Do you like the design?

Please consider to support me for only 3\$ a month this helps me massively designing more!

Thank you!

Happy printing!
